AVIONEX
TECHNOLOGIES

At Avionex Technologies, reliability is the cornerstone of everything we do. With headquarters strategically located in Azerbaijan and Bahrain, we serve the global aviation industry with speed, precision, and unwavering commitment.

As a trusted supplier of aircraft spare parts, we operate through a well-established worldwide supply chain, ensuring fast and efficient delivery of the parts you need — wherever you are.

Our dedicated and highly trained team is passionate about aviation and committed to providing exceptional service, technical expertise, and timely support. Whether you're sourcing routine components or critical spare parts, you can count on us to deliver with integrity and professionalism.

Your mission is in the air — our mission is to keep it flying.

Our inventory consists of more than 50,00 line items and it is available for:

Our mission

We deliver innovative and world-class solutions within the parts management business and we develop extended distribution and parts support services to every unique customer and supplier in the global aerospace value chain.

We are One / Team Work!

We feel, act and behave as one large family - We are One - and create an engaging and inclusive workplace that favours wellbeing, fun and trust to drive teamwork.

Creativity

We are curious, courageous, passionate, open-minded and recognise creativity at all levels.

Respect

We treat each other and all stakeholders as we wish to be treated, with respect, embracing diversity.

Customer Focus

We partner with our customers to deliver valuable and sustainable solutions together.

Integrity

We act with integrity and take appropriate consequences to eradicate unethical and non-compliant behaviours.

Reliability

Our reliability drives our competences and mindset to deliver on time, on cost and on quality.
